Subject: 1560 grievance

i have concerns about 1560 grievance. this is too big and does not fit the surroundings as most of the housing is single story structures. The biggest problem for me as a resident of grievance is PARKING. shouldn't there be 2 parking spots for every residential unit?/ I am also concerned about the extra traffic this will cause and for the safety of the kids as the school is very close. Please consider this, thanks, Richard SABAL
